## Parent Letter of Recommendation

Dear Parent:

As you are aware, the physical development of our students is only a small part of what Sun Tae Kwon offers. In addition to physical skills, we put a heavy emphasis on respect, character, confidence, and focus. We try to emphasize in class that these traits are not only important at the do jang, but at home and at school as well. With this in mind, we are asking for your feedback in the form of a "letter of recommendation" stating why your child should be eligible to test for his/her next new belt rank. In this letter, we ask that you share the positive benefits/changes Tae Kwon Do training has had on your child.

Not only does this give us a barometer for the effectiveness of our teaching, but more importantly, when shared with our students it gives them tremendous incentive for continuing to develop in these important areas in the future. Please take a few minutes to write down your thoughts. This recommendation must be returned as part of your child's testing application along with the "Home Report Card" on the reverse side.

You may use another piece of paper for the letter if necessary. You may also invite a teacher, grandparent, guardian, or other important adult in the child's life to write this letter instead of you.

As always, thank for your support in making your child a success in life.
